CapTel Captioned Telephones

Catch every word over the phone with a CapTel® captioned telephone! CapTel shows captions of every word the caller says over the phone.

CapTel phones feature advanced technology such as Bluetooth® wireless technology, large easy-to-read displays, a speaker phone, and a built in answering machine that shows captions of your messages. Only CapTel gives you several telephone models to choose from, including contemporary touch-screen options, traditional telephone styles, and alternatives for people who need a larger display. Help is available 24/7 at the touch of a button.

The captioning service is provided at no cost as part of a federally-funded program that supports telephone accessibility for people with hearing loss. There are no monthly fees, no service agreements. Your monthly phone bill doesn't change.

Individuals with hearing loss may qualify for a no-cost CapTel phone based on certification from their hearing health professional. Made in America with worldwide components. Visit www.captel.com.
